Introduction

The Registry of Friendly Societies (RFS) is a statutory office of the Department of Jobs, Enterprise and Innovation.

The Registry of Friendly Societies deals with three different entity types, namely Industrial and Provident Societies which in the main consist of co-operatives; Friendly Societies; and Trade Unions which include employee unions, employer associations and trade associations.

The principal legislation governing these entities is:

Statement of Strategy

The Mission Statement of the Registry of Friendly Societies is:

“To ensure that the various mutual entities registered at the Registry, which are subject to general regulation and supervision in varying degrees by the Registrar of Friendly Societies, comply with their statutory obligations and to maintain an up to date public record on those entities”.

This mission statement is accomplished through two core objectives, namely:

- The efficient and effective registration and general regulation of Industrial and Provident Societies, Friendly Societies and Trade Unions.
- The provision of an efficient and effective service to the public.
2016 Overview

At the end of 2016 there were 911 Industrial and Provident Societies, 47 Friendly Societies and 56 Trade Unions on the register, making for a combined total of 1014 registered entities. As such 2016 saw an increase of 11 in the number of societies/trade unions on the register compared to the end of 2015.

The charts below show the ratio of Industrial and Provident Societies, Friendly Societies and Trade Unions on the register at 31 December 2016, and over the years 2007 – 2016.
The fluctuation in number each year is as a result of new Acknowledgements of Registry, Restorations, Cancellations, Amalgamations, Transfer of Engagements, Dissolutions and Liquidations.

Details of the various registrations completed during 2016 are set out in the following pages of this report.

There are additional matters which a registered society or trade union must register or record in addition to sending annual returns and accounts to the Registrar, and these matters include:

- partial and complete rule amendments/alterations,
- changes of name and registered office,
- special resolutions.

Details of each of the above matters are also included in this report.

The RFS customer service targets regarding processing applications and making documents available to the public range from five to ten working days in respect of correctly completed applications, and are dependent on the nature of the application involved.

Since 2011, the RFS has carried out two targeted enforcement campaigns: the first in respect of Trade Unions and the second targeted towards Industrial and Provident Societies. The aim of these campaigns was to identify societies and unions overdue in their annual return filing obligations. The RFS continues to review compliance rates with a view to encouraging all societies to file on a timely basis and where necessary will initiate further targeted compliance and enforcement drives.

The RFS collaborates with the Companies Registration Office (CRO) with regard to making information available to the public on-line, and to this end general information and prescribed forms pertaining to industrial and provident societies, friendly societies, and trade unions are available on the CRO website at www.cro.ie. During 2012, technical work was completed to allow for statutorily filed RFS documents pertaining to Industrial and Provident Societies, including annual returns, to be made available on-line via the CRO/RFS website for purchase. This now allows members of the public to view and check the status of Industrial and Provident societies and purchase registered documents via the CRO website and has eliminated the need for in-person callers to the Office for this purpose. Payments are made by Credit/Debit card.

Access to public record files for inspection and/or purchase copies of registered documents is also still facilitated through the public enquiries counter in the CRO at Bloom House, Gloucester Place Lower, Dublin 1 during the hours 9.30 to 13.00 and 14.15 to 16.30 Monday to Friday. As most public record files are now stored off-site it is advisable to make an appointment before attending the office to view a public record file.

During 2016, fees received in the RFS amounted to €46,177.36, compared to €55,820 for 2015.

The RFS engaged throughout the year with stakeholders and the Department of Jobs, Enterprise and Innovation (Co-Operative Legislation Unit) in relation to matters of common interest and issues of
policy concerning societies and trade unions.

**Industrial and Provident Societies**

During the year under review the RFS registered 26 new societies and 2 societies were restored to the register.

A number of existing societies amended their rules either partially or completely during the year and a total of 17 societies were cancelled, 9 by initiative of the Registrar, 6 at their own request and 2 following conversion to a company.

Following cancellation Societies lose all privileges granted under the Industrial and Provident Societies Act 1893 which includes the loss of limited liability.

**Friendly Societies**

No new Friendly Society can be registered under the Friendly Societies and Industrial & Provident Societies (Miscellanous Provisions) Act 2014. No society was restored to the register in 2016. One society was cancelled on completion of liquidation. A number of societies had partial/complete amendments to rules registered during the year.

**Trade Unions**

One new trade union was registered in 2016. No trade union was cancelled at its own request or following dissolution. A number of trade unions had a partial/complete alteration of rules registered during the year.

**Overview of Energy – S.I. 542 of 2009**

S.I. 542 of 2009 requires public sector organisations to report annually on their energy usage and actions taken to reduce consumption.

At the end of 2016, the RFS had a staffing complement of 4, (including Registrar) with certain staffing positions also having responsibilities and core functions in the CRO, including the Registrar of Friendly Societies who is also the Registrar of Companies. The RFS shared accommodation and many administration services including energy consumption with the CRO at its old Parnell Square, Dublin location.

Details of energy usage, including actions taken in 2016 and actions planned in 2017 are as follows:

**Overview of Energy Usage in 2016**

The CRO was located in Parnell House, Dublin and O'Brien Road, Carlow. The CRO was the minor energy user of Parnell House (45%) and shared the building along with a canteen, 3 meeting rooms, toilets and the reception area with The Registry of Friendly Societies (RFS) and The Competition and Consumer Protection Commission (CCPC).
CRO Carlow is the minor energy user of O’Brien Road (45%) and shares the building with The Workplace Relations Commission while also sharing canteen facilities, toilets and the reception area. Parnell House currently holds a D2 energy rating, while O’Brien, Carlow, Road has a D1 rating.

In 2016, the CRO/RFS (Dublin & Carlow) consumed 647.33MWh of energy, consisting of:

- 287.6MWh of electricity;
- 359.7MWh of fossil fuels, with natural gas being the only fossil fuel used.
- The CRO currently does not use any renewable fuels.
- CO2 emissions: 244,088kgs

This energy consumption can be broken down by location:

**Dublin** – 308.26MWh of energy consisting of:

- 226.75MWh of electricity;
- 303.26MWh of fossil fuels, with natural gas being the only fossil fuel used.
- 1/3 of Energy consumption for Parnell House is paid for by the other tenants of the building, however, this rose to 55% as of 9th September 2016. Figures above relate to the total consumption for Parnell House.

**Carlow** – 117.65MWh of energy consisting of:

- 61.12MWh of electricity;
- 56.43MWh of fossil fuels, with natural gas being the only fossil fuel used.

**Actions Undertaken in 2016**

- Energy Saving related emails to staff reminding everyone to turn off PC monitors, printers etc. each evening (both locations).
- Monthly ‘No-Lift Days’ (Parnell House).
- Out of Hours energy Audits (Parnell House).
- Air Handling Unit operating hours monitored continuously (Parnell House).
- Heating timers regularly programmed in line with current weather conditions (both locations).

It is not possible to give specific figures of energy saving for all of the above actions. CRO Carlow had a decrease of 5.6% in electricity usage in 2016 compared to 2015. Fossil fuel (gas) usage decreased by 7% in Parnell House but increased by 4.4% in CRO Carlow when compared with 2015 data. Overall energy usage decreased by 5.5% in Parnell House and decreased by 1% in CRO Carlow.

**Actions Planned for 2017:**

CRO Dublin will be moving to a new building which is more energy efficient in the second quarter of 2017.
In May 2017, the RFS moved to its new location in Bloom House, Gloucester Place Lower, Dublin 1.

**Warrant of Authorisation**
